

YNKEUMALICE - TIGER

Tiger

Tiger

Feeling like giving em chills

With all this success

Orange and black stripes

Feel like big tiger

Feel for the sweet in life

Like Pooh and honey

Relationships got reputation

Feeling I gotta put schedules

Like shift or duty

Feeling like give em chills

Feeling vibes

She thinking orange and black

Now she wanna fuck

Like a porn star

Get your flex up

Get your flex up

Don't sweat life

Like a summer seasons

That's why I'm chill and cold

Autumn Winter

Get your flex up

Get you flex up

She working on damn note

Whole long text full I love yous

She use to be heartbroke

Before I took her heart

Feeling like giving em chills
