

YNKEUMALICE - Cigarettes

**Felt like your a soulmate
Someone who matched my soul
Your so quite but so creative
Say you didn't like the news
I understand your democrat
I understand your woke
Living on the edge
Smoking cigarettes
Feel like your my soulmate
Soulmate**

**Fresh out the shower her hair wet
She sneaks around cigarettes
She's a rockstar
I like her
I like her
She listen to Rock and Indie
She was a white girl
Who didn't pay attention
She never acknowledged me
She lit one
She smoke one
She was a smoker
Wearing a choker
She styles just like me
Felt like your a soulmate
Someone who matched my soul
Your so quite but so creative
Say you didn't like the news
I understand your democrat
I understand your woke**

Living on the edge

Smoking cigarettes

Feel like your my soulmate

Soulmate
