Life gets you down get high

High off the drugs

Thinking life is easy to get high

Find the joy

Live like it's paradise

One day to yourself

Live up the day say you

Be stressing just be yourself

Everything gonna work itself out

No doubt

Life is good when your high

Pre rolls smoke that blueberry

Been smoking purple haze

Smoke till I'm blazed

In a daze

Smoke to the face

Imma smoke my shit up

Light my shit up

Call it jolly holiday

Feeling green saint Patrick's day

Lucky me
