

YNKEUMALICE - Saturns return

Big moment

Don't lose your self

Don't let it slip by knowing I got

One shot one opportunity in a life time

To go big or go home

Sleep without food

Hungry mom trying to provide

Mom do what she can just to

Provide

I just do my thang

I just do my thang

Live this life to the top

Of the mountains with a vicious bar

Hit with the twist hit em with gold

Only you know it's time when chooses

Don't lose the moment

Big moment

Don't lose your self

Don't let it slip by knowing I got

One shot one opportunity in a life time

To go big or go home

Sleep without food

Hungry mom trying to provide

Mom do what she can just to

Provide
