

Sewerperson - water

{intro}

Eyes full of dust

Full of hate

Hide close to dusk

Because that's when it happens

{chorus}

Big body swerve, i might flip the shit

R.i.p. earth, i can't take the shit

I just woke up and called my baby, said i'mma go hard

I just fucked her slow and handed her my credit card

People got some problems with me, so what

She told me the full story and it was so fucked

I'm a piece of shit, so i just said good luck

I've been in my mind, in my mind too much

{verse}

People walk around doing like nothing

People hate on anyone doing something

In this industry, i'on show no emotion

IcĐµ up in his chest, now he's frozen

It's dĐµplorable, i feel so unusual

All the beef aside, i hope we still mutuals

It's a horror story, baby, it's a tragedy

This is not what i wanted, this is just what it had to be

Have you lost like this?

Open up my heart like this

I just had horrible dream

Post waking up, i can't escape it

{chorus}

Big body swerve, i might flip the shit

R.i.p. earth, i can't take the shit

I just woke up and called my baby, said i'mma go hard

I just fucked her slow and handed her my credit card

People got some problems with me, so what

She told me the full story and it was so fucked

I'm a piece of shit, so i just said good luck

I've been in my mind, in my mind too much

{outro}

Big body swerve, i might flip the shit

R.i.p. earth, i can't take the shit

I just woke up and called my baby, said i'mma go hard

I just fucked her slow and handed her my credit card
