

## **Alec Normal - Prom Missed Me**

**When it's gone south  
How would I know?  
Heaven forbid  
A message would show**

**When you come back  
Don't be too weird  
Cause I want you and I  
Together right here**

**Last time we talked  
Here's what you promised me  
(You promised me)  
You would come back  
You would not leave**

**Last time we talked  
Here's what I promised you  
(You promised me)  
I'd be alright  
And you would be too  
(Hey, sir, take her down)**
