

## **Alec Normal - Rom.com**

**She was lying on the floor  
With the chords coming back  
Maybe that's what you get**

**Say you had it  
She was lying on the floor  
Say you miss it  
With the chords coming back  
Say you want it back  
Maybe that's what you get  
You want it back**

**I'm doing perfect  
And I'm afraid that I am  
She was lying on the floor  
I'm doing perfect  
With the chords coming back  
And I'm afraid that I am**

**And it's been so long  
So long I can't remember my own name  
I miss our rom-com  
I wish I was with you  
Say you want it back  
Maybe that's what I had  
You want it back  
And if you don't  
Well, that's okay!  
That's fine with me  
I just thought maybe you'd say  
I thought I'd give it one shot**

**That you want it  
And you miss me back!  
Or something...**

**I'm doing perfect  
And I'm afraid that I am  
She was lying on the floor  
I'm doing perfect  
With the chords coming back  
And I'm afraid that I am  
Maybe that's what you picked**

**And I'm doing perfect  
And it's great that I am!  
She was lying on the floor  
Oh, I'm doing perfect  
With the chords coming back  
And it's great that I am!**
