

## **Rev3Iver - Turbulence**

**Where's my medication? I've been wasting  
Call the doctor as my heart is racing  
Shine a light in my eyes, what you gonna find?  
No peace of mind, but I think I can fake it  
In my blood on garden walls I've painted**

**It's time for a holiday  
And I don't wanna be there**

**Resuscitate, medicate, suffer, suffocate**

**I'm alive, I'll claw my way to the inside  
And I just can't find my way to the seed of all destruction**

**I've been praying for my feet to touch the ground  
But I'm still shocked and jaded, sick from coming down**

**It's time for a holiday  
And I don't wanna be there**

**I'm alive, I'll claw my way to the inside  
And I just can't find my way to the sum of all perception**

**Ladies and Gentleman, this is your Captain speaking  
Don't panic but the sky is falling  
We are now experiencing turbulence  
I'm alive, I'll claw my way to the inside  
And I just can't find my way to the seed of all destruction**

**I'm saved  
And I just can't find my way**

**Resuscitate, medicate, suffer, suffocate**
