

Rev3Iver - Juggernaut

**He said, she said
If I'm wrong, then I'm better off dead
Wake up don't expect me to swallow**

**You've fallen down on me
This ride is yours for free
Step back and face your mirror
For you might never see**

**That we're motorized like a supercharged demon
Raising hell for the lust that I'm breeding
Coming back strong, enjoying this feeling again, yeah**

**I crave what you want
Without me then what have you got?
A passion for stirring up trouble in my shit**

**I'm motorized like a supercharged demon
Breaking rules always smoking and speeding
Tear it down to reveal what I'm dreaming again, yeah**

**You belong on the inside, don't throw stones at me
I'm the only one who you should believe
Fighting wars on the outside, while breaking new ground
Can't fake a new sound, so come with me
You're one for the ride**

**He said, she said
If I'm wrong, then I'm better off dead
Wake up don't expect me to swallow**

**Cause I'm motorized like a supercharged demon
Fairy tales, always plotting and scheming
Raising hell for the lust that I'm breeding again, yeah**

**You belong on the inside, don't throw stones at me
I'm the only one who you should believe
Fighting wars on the outside, while breaking new ground
Can't fake a new sound, so come with me**

You're one for the ride... Mr. Hyde

**He said, she said
If I'm wrong, then I'm better off dead
He said, she said
He said, she said
He said, she said
If I'm wrong, then I'm better off dead
He said, she said
He said
He said, she said**
