

Pureojuice - Jujutsu Kaisen UK Drill [Full Song]

{Chorus}

I feel invincible, untouchable

Gojo, Gojo

Welcome to infinity

Step in my domain, everything slow MO

I can't just stand there, Jojo

I let the thing clap like Todo

No residuals for the popo

Left a red dot on his top like Tokyo

I feel invincible, untouchable

Gojo, Gojo

Welcome to infinity

Step in my domain, everything slow MO

I can't just stand there, Jojo

I let the thing clap like Todo

No residuals for the popo

Left a red dot on his top like Tokyo

I feel invincible, untouchable

Gojo, Gojo

{Verse 1}

They keep talking shit at the side of their mouth and it's got me triggerĐµđ

You don't want me to let that demon out and usĐµ that finger I ate for dinne

r to press that spinner

I back my bro, we beat up Mahito

LIKE FIGHT BACK, NIGGA!

Any hothead like jogo, we make them simmer

Wanna know my type?

Nobara, the type to do up her nails and bang that hammer

Coulda been a stock broker

But I work overtime in the field, tryna turn them ganja
Special grades get rolled in my high grade
Geto pack is my favorite strain
Already warned him once, won't say it again
You're dead if you step in my domain

{Chorus}

I feel invincible, untouchable
Gojo, Gojo
Welcome to infinity
Step in my domain, everything slow MO
I can't just stand there, Jojo
I let the thing clap like Todo
No residuals for the popo
Left a red dot on his top like Tokyo

{Verse 2}

When they heard 'Gojo's Sealed', the opps felt safe
Now Gojo's out and they're nervous again
I'mma send them to meet Yuji's Grandpa
Kenjaku's gonna get deaded again
Let me ask you a question:
When I start mixing colors, how you gonna drop that hurdle?
Would've thought he had an addiction
Had 'em leaning when he felt that purple
Fuck everything in that direction
If you catch a stray, it's nothing personal
I'm not into rock instrumentals
But I get amped up with heavy metal
Noisy neighbors always observing
Put that veil up, close them curtains
Two words get you blasted away:
"Buttobe!"
I don't do conversing

{Chorus}

I feel invincible, untouchable

Gojo, Gojo

Welcome to infinity

Step in my domain, everything slow MO

I can't just stand there, Jojo

I let the thing clap like Todo

No residuals for the popo

Left a red dot on his top like Tokyo
