

Omen 44 - Catch A Fire

Born again smoke again Japans most blunted
Omen yeah man I'm back at it son
The smugglers blues you belong to the city boo
Survivability tricks before you turn tricks
Roll with the holy roller papa was a rolling stoner
Culture Freedom Allah can't cancel my culture
We strike like thunder "One love" Nesta
Who you calling yella Yo my brother
Infrared eyes like the zulu tribes
We strike at night fly high as a kite
Bob like Marley James Dylan
F your 14 words we ain't playin
QAnon BS got you stressing
Everybody must get stoned listen
60 min of funk 15 minutes of fame
Catch a fire we burning that flame

You want put out my flame my
Blazing fire can't be tamed
We're not one in the same my
Lungs don't never tire
Wind down from long days
People in my face
I'm just making ways
Why I won't retire
I get way to high I admit it it be my escape
Smoking on that fye got me in a different mind state
Think I need to hydrate why they try to shoot my out the sky wait
Why they try to shoot me out the sky shit got me irate
I'm just tryna roll exotic weed all in my place
Get higher than the crime rate

They be telling lies like they wasn't all in my face
Made it I survived even when you try to violate annihilate
Revolution won't be televised won't see my demise
Still I rise tryna dim my shine I'm just tryna vibe
Take a while till you realize you should live your life
Aye aye you should live your life
Take a while till you realize you should live your life
Roll it up smoking on that loud we don't do that quiet
All praises going up to Jah praises I n I
Yeah we gon make it yeah we gon survive

You want put out my flame my
Blazing fire can't be tamed
We're not one in the same my
Lungs don't never tire
Wind down from long days
People in my face
I'm just making ways
Why I won't retire
