

## **Crabb Family - Forever**

**When she walked in the room with that look in her eyes  
He knew this day would come so it was no surprise  
As he held her trembling hand, they fought back the tears  
She whispered Dad a part of me will always be here  
She heard him say**

**Little girls don't stay forever that's what they always say  
Into their life walks their Prince charming and steals their heart away  
The bond we've made will last forever I give you my promise today  
If you should ever just need a Daddy I will be a phone call away**

**Goodbye never comes easy when you must tell someone you love  
Departing brings much sorrow; the time spent together  
Didn't seem like enough**

**When she walked into the room, she saw that look on his face  
She knew this time would come but hoped it would be far away  
As she took him by the hand, fighting back the tears  
Right away, you got that feeling angels were near  
She heard him say**

**Daddies don't stay forever that's just the way it goes  
On day in life, they make that journey, that time nobody knows  
The bond we've made will last forever the promise I gave you I stay  
If you should ever just need a Daddy, I will be a memory away**
