

Crabb Family - A Soldier On His Knees

**What an honor to be called a Soldier of the Cross
An army that has never turned back never suffered loss
Our weapons are not carnal, our strong holds you can't
See, this army becomes mighty, by time spent on our knees**

**I'm not ashamed for you to see this soldier on his knees
You might even see a tear or hear a humble plea
Some may call it weakness, some may question my strength
Oh but you must see the power's not of me
I prepare for battle on my knees**

**We have faced the powers of darkness when it looked like
We would fail
Met the challenge of the enemy, by the power of God prevailed**
