

Crabb Family - Let's All Get Together

On the day of Pentecost in the upper room

They were there from many walks of life but everybody got in tune

They all began to seek the Lord, earnestly they prayed

They all got together and let the Lord have his way

Let's all get together and let the Lord have his way

Let's all get together and let the Lord have his way

Miracles and wonders he'll shower down today

If we'll all get together and let the Lord have his way

One day three Hebrew children were cast into the flames

They would not bow to an idol God and defy Jehovah's name

Something special happened in Babylon that day

In the burning fire a fourth man came, they let the Lord have his way
