

Hellg7rl - I Hate This

**I hate that
Everyday I
Feel like dying
Bitch, why I am like this?
I hate that nothing goes wrong
But still I don't feel fine
I hate this
And I hate you
You put me through this
Now I'm in hell
I hate this
I can't do this
All these voices in my head
All these voices in my head
They tryna get me dead
All these voices in my head
But no one gives a fuck
All these voices in my head
They tryna get me dead
All these voices in my head
But no one gives a fuck**
