

Gotham City Syndicatez - Dance Until The Death

{Verse}

**What is the product of one's own creed?
I see the future, flying over the sea
If you wanna know, then do more than that
I'm not comin' until you aren't a bat**

{Pre-Chorus}

**Let's go you bastards
Yeah, until you aren't a damn bat**

{Chorus}

**Pick, pop, bottle drop
Let's dance until we stop
The moon illuminates the sky
Quick, shop, bottle chop
Let's dance until we stop
Signal identifies who dies**

{Verse}

**A rabid dance with death won't bleed
A product of decay, written in the creed
Batman's life away deposited the seed
The draining lever of hope, what he needs**

{Pre-Chorus}

**Let's go you bastards
Yeah, let's get funky in here, in here
I said let's go you bastards
Dance 'till the death**

{Chorus}

Pick, pop, bottle drop

**Let's dance until we stop
The moon illuminates the sky
Quick, shop, bottle chop
Let's dance until we stop
Signal identifies who dies**

**Low tow, what d'ya know
Dance with corpses in the snow
A low tow, what d'ya know
Dance with corpses in the snow**

{Chorus}

**Pick, pop, bottle drop
Let's dance until we stop
The moon illuminates the sky
Quick, shop, bottle chop
Let's dance until we stop
Signal identifies who dies**

{Bridge}

**A rabid dance with death won't bleed
A product of decay, written in the creed
Batman's life away deposited the seed
The draining lever of hope, what he needs
Low tow, what d'ya know
Dance with corpses in the snow
A low tow, what d'ya know
Dance with corpses in the snow
The snow!**

{Chorus}

**Pick, pop, bottle drop
Let's dance until we stop**

The moon illuminates the sky

Quick, shop, bottle chop

Let's dance until we stop

Signal identifies who dies

Pick, pop, bottle drop

Let's dance until we stop

The moon illuminates the sky

Quick, shop, bottle chop

Let's dance until we stop

Signal identifies who dies

Low tow, what d'ya know

Dance with corpses in the snow

A low tow, what d'ya know

Dance with corpses in the snow

In the snow!
