

## **Alec Normal - One Floor Down**

**Hey there miss I just have to go one floor down**

**One more down**

**Hey there miss I just want to say I love you**

**I mean go one floor down**

**I'm sorry miss I'm a mess today, I'm clumsy**

**And I'm from out of town**

**But I do have a place to go below us**

**Can we go one floor down?**

**I don't mind that I**

**(You're right I don't mind that I)**

**I don't mind that I**

**Am stuck**

**(I feel the same as you)**

**I feel quite the same as you**

**It's quite nice to be**

**(I'm not really worth it)**

**I know we both see**

**I'll go one floor down too**

**I kind of hope that the elevator's broken**

**So we can talk some more**

**But I know that it's wrong to wish misfortune**

**And we're on the lower floor**

**Look at that!**

**I want this to last**

**Are we going too fast?**

**I think our love could be seven feet deep**

**I want this to last**

**Are we going too fast?**

**I think our love could be seven feet deep**

**I don't mind that I  
(You're right I don't mind that I)  
I don't mind that I  
Am stuck  
(I feel the same as you)  
I feel quite the same as you  
It's quite nice to be  
(I'm not really worth it)  
I know we both see  
I'll go one floor down too**

**I don't mind that I  
(You're right I don't mind that I)  
I don't mind that I  
Am stuck  
(I feel the same as you)  
I feel quite the same as you  
It's quite nice to be  
(I'm not really worth it)  
I know we both see  
I'll go one floor down too  
I won't let you go**

**A big bastard, that's what they called me today  
A big bastard, that's what they called me today  
A big, a big bastard, that's what they called me today  
A big bastard, that's what they called me today  
A big bastard, that's what they called me today**
