

Alec Normal - Dismay! Never See a Man!

**By your side, for another
Maybe I could be your other
I'm not your dog (Put that down!)
I'm not your mother (Don't touch that!)
So maybe I could be your other**

**Dismay! Never see a man!
(By side, right with you, that's right, just you)
Dismay!
(By side, right with you, that's right, just you)
Dismay! Never see a man!
(By side, right with you, that's right, just you)
Dismay!
(By side, right with you, that's right, just you)**

**I wish I'd let it die
It makes me wanna lose my head
But I know and why
It made me feel like I was dead**

**But when I fly into the blue
Among the green, yellow, and red
I then know what I must do
I thank all the voices in my hear**

**I won't lovebomb
And I won't smother
I'll preach my love
And I won't stutter
MadĐµ me feel like I'm alive
CausĐµ you were the only one who heard me cry**

(LET ME GO!)
