

Alec Normal - Breakaway

Stay here late, how do i make a way?
Because i'm rightside in and inside out
How do i breakaway?
Stay here late
How would right now be okay
You know i'm rightside in and inside out
That's my takeaway
And i breakaway

Breakaway
Yeah, i breakaway
I breakaway and i breakaway
Breakaway
I breakaway
Yeah, i breakaway
I breakaway and i breakaway
I breakaway

Cause people are dying and i am still crying for you
Aching and waking this painstaking bone break

Breakaway, how do i fake this pain?
My tears will cry all of my insides out
And i'll flake away
I'll slave in vain
When will you say that it's okay that i madÐµ a mistake
I made more than onÐµ, okay i made a ton
Alright i see what's wrong with me
Take a break inside
Look at my eyes
Maybe i'll live but maybe i'll die

**But there's no way to know, until i go
And life goes on into the very next show**

I breakaway, yeah i breakaway

Away, i breakaway

I break, i breakaway

I break, i breakaway

I breakaway and i breakaway

I breakaway!
