

NICKOTINE EROTICA - Eat Me Like A Sandwich

Want to fuck me

Face is red, ill go down and ill

Give some head, yk they can hear us rock the bed boy

Just eat me like a sandwich, go ahead

Im horny, horny

Can some just please fuck me

Instead of being lonely, lonely

Just doing baby quickly, quickly

So i drove my car up into the club

When at club at saw u in the poppin

And so i talked to u why dont {?}

And u said sure, then i got fucked up

Can u be my one and only true love

U are the one whos send from above

When im with u i feel very loved

But i mean more than hugs

Want to fuck me

Face is red, ill go down and ill

Give some head, yk they can hear us rock the bed boy

Just eat me like a sandwich, go ahead

**Eat me like a sandwich, eat me like a sandwich, eat me like a sandwich, eat
me like a sandwich**

Can u be my one and only true love

U are the one whos send from above

When im with u i feel very loved

But i mean more than hugs

**Can u be my one and only true love
U are the one whos send from above
When im with u i feel very loved
But i mean more than hugs**

Face is red, ill go down and ill
Give some head, yk they can hear us rock the bed boy
