**Say it over it's all in my
Head it's all in my head
Feeling dead feeling
Like a vampire
In night
Say it's over it's all in my head
Hate life smoke to live life
I tried to end my life**

Verse

**Love hurts scars on my hand
I hate life since i was seven teen
Want to die in twenty one
Live life i don't want to take love
For granted the fuck i cheat
I won't cheat broken heart since
I was teen didn't understand love
A young age feeling fine
Feeling five stars
Hate the hate
Hate the way you lie
Fuck my life
Feel like night
Feel dark inside**

Feeling on the dark side

Of moon fuck your a mistake better yet

You should just die comment in your shit

Kill yourself hate that you was even in my life

Never mention hoes i don't like fuck hoes

Ain't all that fuck them bitches don't

Give no credit for shit smoke to get high

Just to forget you hope i don't forget the ones

I love and can't stop thinking hate the way i choose life

Your the regret you ain't shit you dead to me

Don't want to mention you hate myself for loving you

Should of never loved you

Fuck myself fucking up with the wrongs instead of the right ones

Pretty girls in these verses i miss i miss twenty seventeen

I miss twenty nineteen fall of them years and the winter

Seasons meet kz kj ka all my exs with the most

Mentions saying i remember angelina both one from teen and child years i remember ashanti from fourth grade hope you get these messages i'm far from myself , i remember feeling on your ass

Onna bench i remember italy i remember maddie , i remember

It like yesterday feeling like i remember you asking my money

But fuck it i was high school loner i was out of my element

Now i'm spiritual intuitive for your love

Know i been in my head cutting up

Bad bitch like checkers walking around in thong

You was a bunny girl i was bunny guy so many

I lost through the years you did art for me

I remember you from ohio i remember you with the red braids
