

Gotham City Syndicatez - Introspection

{Verse}

**Look at what we've done, look at how we've bled
Look at how you've put those children to bed**

**Do you concede, obsessions with greed
Hostile shadows that will be freed**

{Pre-Chorus}

**At the north most in a place obscene
The stars are clear, the view serene
Valued trivial customers form
The lime-tainted walls felt their scorn**

{Chorus}

**Are we the villains in this story?
Are you the hero of our mind?
Are we the enemies of your worry?
Are you the champion in the blinds?**

**Misunderstood persuasions
Timidly accepted occasions**

**Batman is clearly amazing
Legendary glazing**

{Verse}

**Blinded by half-truths and twisting facts
We understand the ruby of artifacts
The coliseum still stands after centuries
Built up on a mountain of memories**

{Pre-Chorus}

**At the north most in a place obscene
The stars are clear, the view serene
Valued trivial customers form
The lime-tainted walls felt their scorn**

{Chorus}

**Are we the villains in this story?
Are you the hero of our mind?
Are we the enemies of your worry?
Are you the champion in the blinds?**

**Misunderstood persuasions
Timidly accepted occasions**

**Batman is clearly amazing
Legendary glazing**
