

YNKEUMALICE - Wild nights

**Real feels she deep emotions
She raw uncut don't need nobody
She got her self
Going wild in the night
Must be one of those wild nights
Must be one of those wild nights**

**She in her bikini
On vacation
Say she a wild one
Wild nights
I know what a night
Sophisticated type of girl
She in all fashion
Like a fashion show
She model runway
You can't beat a pretty face
Even if it was a race
She always comes first place**

**Real feels she deep emotions
She raw uncut don't need nobody
She got her self
Going wild in the night
Must be one of those wild nights
Must be one of those wild nights
She thinks life is hard she says this world
Ain't it wonder about another wild nights
Just to get loose again free her mind at night**
