

## **Paradox Obscur - Testimony**

**Throes of time  
Amidst the fallen  
Stories of an era  
Long gone by**

**Midnight shadows  
March upon us  
Empty promises  
Now merge to blind us**

**The serpent crawls  
And feasts upon us  
A storm of dread  
Now coming over**

**Tremendous passion  
Relentless fire  
Your testimony  
A lost desire**
