

YNKEUMALICE - Paradise

Live it how I want to

Live it how I want to

Live it how I want to

I fuck you get a life

I don't care what you think of me anymore

I don't care what you think of me anymore

Anymore let you your the one that can't live

A life know it's paradise

Fuck you get a life

Ain't fucking with you

Ain't fucking with you or you

Ain't fucking with nobody

I'm on my own

Give me some room

Fuck you get a life

Saying this ain't paradise

I don't care what you think of me anymore

I don't care what you think of me anymore

Anymore let you your the one that can't live

A life know it's paradise

Live it how I want to

Live it how I want to

Live it how I want to

I fuck you get a life
