

Lil Purple - Girl of my songs

Chorus

Lil Purple:

**Not gonna lie, she is the one
She's the girl of my songs
Not gonna lie, I miss her name
Poppin' up on my phone
Not gonna lie, I'm just a mess
And I'm still makin' it wrong
Not gonna lie, this is the end
And now I'm here by my own**

Verse 1

Lil Purple:

**Always thought you loved me
Then you said goodbye
Then you ran away
So you told me lies
But then you cut me out of your sight
Then you cut me out of your sight..
Can't say I hate you-u
Cause you gave me life
I'll say I'm okay
Even though I'm not alright**

Verse 2

Ghxstkidd:

**I can't blame you to go
If I got pills on the rum
Rollin' papÐµrs in the pocket
Ready to light onÐµ
Then I smoke and saw**

**My past and fuck!
Realized she was the one
But was it my fault?
I'm better now
I know you're better too
But I know our polaroid
Still stick on your wall
Alcoholic yeah
Bartender pour me another one
Cause this will be the last song
I write for her
Even if I end the night
Busted on cocaine
She took my heart as a disclosure
But I will risk my life to find her again
Not gonna lie
She's the shape I see before sleep
Set in the dark, in the corner
Sucking my sleep
And if one day your name
Decides to pop on my phone
I swear to myself
I won't pick it up!**

Chorus

Lil Purple:

Not gonna lie, this is the end
