

## Michael Hakim - Figure It Out

{Verse 1}

On a larger scale

And I don't think that I can balance her

No time to put her in my calendar

ØšÛ,,Ø`Ù†ÙŠØš ØμØ¹Ø¨Ø© baby

Alotta pressure on me

I feel like an amateur

I didn't know what came afterwards

Tell me did you know baby?

{Chorus}

She got me thinking all of our time spent

Was wasted on me tryna figure it out

So baby tell me all of of the nights

That we spent on the road

Were you in were you out

Were you in were you out

{Verse 2}

I really thought you'd stick around for the ride

And it's keeping me up at night

Ø³Ù±Ø±ØªÙŠ Ø¹ÙŠÙ†ÙŠÙŠ

I guess that luck can change over time

Same way that you changed over time

ØªØºÙŠØ±ØªÙŠ Ø¹Ù,,ÙŠÙŠ

{Chorus}

She got me thinking all of our time spent

Was wasted on me tryna figure it out

So baby tell me all of of the nights

That we spent on the road

Were you in were you out

**Were you in were you out**

**{Verse 3}**

**Maybe if we just had started over again**

**'Cause we had turned to lovers**

**But were naturally friends**

**It's a natural disaster how our story ends**

**Were you in were you out**

**Were you in were you**

**{Chorus}**

**She got me thinking all of our time spent**

**Was wasted on me tryna figure it out**

**So baby tell me all of of the nights**

**That we spent on the road**

**Were you in were you out**

**Were you in were you out**
