

## **Foxes on the Run - Prey of Fate**

**{Verse}**

**I'm everyone and everything  
A thousand lives blurred inside of me  
When everything is right then what to do?  
Can't decide the life I want to**

**{Chorus}**

**Lose myself in the night  
Let the world swallow me whole**

**{Verse}**

**Claws and teeth is what they bare through  
Whatever path you decide on  
Forks in the road it's to resign a  
Fate, none safe, yet all endearing**

**{Chorus}**

**Lose myself in the night  
Let the world swallow me whole**

**{Verse}**

**Lives denied yet we're howling  
Paper wolves threading fate while we're  
Trapped beneath our own salvation  
What do we say, when we turn into prey**
