Elliott Fullam - One Last Chance

{Verse 1}

Your love is better when

You give up

Enjoy the silence then

You mess up

{Pre-Chorus}

It's what my dreams have been telling me

It's what my dreams have been telling me

{Chorus}

Guess I'll plead for your chance

One last chance

One last test

Guess I'll plead for your chance

One last chance

{Verse 2}

You feel higher when

They're not around

Is it lost when

It wants to be found

{Pre-Chorus}

It's what my dreams have been telling me

It's what my dreams have been tÐµlling me

{Chorus}

Guess I'll plead for your chancÐµ

One last chance

One last test

Guess I'll plead for your chance

One last chance

Guess I'll plead for your chance

One last chance

One last test

Guess I'll plead for your chance

One last chance

{Verse 3}

They're never gonna tell you

What they saw that night

They're never gonna tell you

What they saw that night
