

Hokus Pokus - Dr. Feelgood

One, two, three

**I don't want nobody, always
Sittin' around me and my woman
I don't want nobody, always
Sittin' right there
Lookin' at me and that woman**

**Be it my mother, my brother, or my sister
You better believe, I'll get up, put on some clothes
Go out and help me find somebody for myself if I can
Yes, I will**

**Now, I don't mind company
'Cause company's all right with me every once in awhile
Yes, it is
You know now, I'll tell, I don't mind company
'Cause company's all right with me every once in awhile
Yeah**

**But oh, oh, when me and that woman get to lovin'
I tell you, boys, I dig you, but I just don't have time
To sit and chit, and sit and chit-chat and smile**

**Sing it to me, brother
Nice and easy
That's the way I like it
Don't send her no doctor
Fillin' her up with all of those pills
She's got her a man named Dr. Feelgood
And oh, that man takes care of all her pains and ills**

Yeah, his name is boys, listen to this

Dr. Feelgood in the morning

Takin' care of business is really this man's game

And after one visit to Dr. Feelgood

You'll understand why Feelgood is his name

Good God almighty, the man sure makes her feel real good
