

# **IVOXYGEN - URBAN MELODY**

**My own damn felony  
How you do me mentally  
Heart is my own enemy  
Love it and I hate it but your  
Energy like ecstasy  
Fading out identity**

**Your voice is my melody  
You're overtaking personality  
You're erasing what is left of me  
You control me, telling me how to breathe**

**This ain't me  
This ain't me  
This ain't me**
