

YNKEUMALICE - Lone

Waffles and syrup

Feel like i just want to be alone

Again feel like no one understands

Feel like i just want to be alone

But some times i smoke a lot

Just past the time feel like flying

Feel like this my life imma live my life

Saying it's been a iffy week

Feel like i just want to be alone

Again feel like no one understands

Feel like i just want to be alone

Ynk e

To my self

To my self

To myself

Say we in the club bad bitches

Look at us saying we too bad with the bad bitty

I'm with we ride out saying merch that make me

A dream a dream for you to have don't waste my time

On anything saying you

Love they way i ride

Saying you can't have no body but me

But fuck

It love you to myself

May just you maybe i'm crazy

**Maybe it's just me loving on you crazy
Make me want to go crazy
Boy i love don't act like i don't
You say you love me i act up
Don't worry about a thing we
Just is we is**

**Waffles and syrup
Feel like i just want to be alone
Again feel like no one understands
Feel like i just want to be alone**

Just past the time feel like flying
Feel like this my life imma live my life
Saying it's been a iffy week**
