

GXNEKII - Her Lullaby

{Chorus}

**I want you all to myself
You need nobody else cause I'm selfish about you
I don't care about your past
I just want us to last cause I wanna stay with you
Time always fly
But you stay in my mind, I'm always stuck on you
You said that I would leave you
No that is not true cause I'm in love with you**

{Verse}

**You're always inside my mind
Will never leave your side
The girl of my whole life
I love you more than you realize**

{Chorus}

**I want you all to myself
You need nobody else cause I'm selfish about you
I don't care about your past
I just want us to last cause I wanna stay with you
Time always fly
But you stay in my mind, I'm always stuck on you
You said that I would leave you
No that is not true cause I'm in love with you**
