

Eramis - Love Deformed

{Verse 1}

No love

The facade that hides

What lies underneath

A seething resentment

We've buried so deep

{Verse 2}

You made your promises, you never kept

And built your weapons with all my regrets

I tasted venom the first time we kissed

I swear the poison still sit on my lips

{Chorus}

Don't try to hide it, don't try to fight it

Raised you up now I'm feeling so low

Don't try to hide it, don't try to fight it

Your broken love left me feeling deformed

{Verse 3}

Walking through fire, I crawl over glass

Just for you to defile, my soul that comÐµs back again

This back and forth is tearing asunder

The rÐµmnants of what we once shared

{Verse 4}

You aren't sorry yeah you're just afraid

You'd never lay in the bed that you made

It's so deceiving

The way that you are

{Chorus}

**Don't try to hide it, don't try to fight it
Raised you up now I'm feeling so low
Don't try to hide it, don't try to fight it
Your broken love left me feeling deformed**

{Chorus}

**Don't try to hide it, don't try to fight it
Raised you up now I'm feeling so low
Don't try to hide it, don't try to fight it
Your broken love left me feeling deformed**

{Refrain}

**It's time to let fate decide how our hearts will break
At the end of this game, we're monsters inside and out
Inside and out**

{Breakdown}

**We are poisoned
Leave my body
In the snow**

{Chorus}

**Don't try to hide it, don't try to fight it
Raised you up now I'm feeling so low
Don't try to hide it, don't try to fight it
Your broken love left me feeling deformed**

{Refrain}

**It's time to let fate decide how our hearts will break
At the end of this game, we're monsters inside and out
Inside and out**

{Outro}

Was it all for nothing?
