

GXNEKII - Stay with me till the end.

{Verse: 1}

**Got behind her and hold her tight
Her love is so divine
She got me through the night, the worst times
She's the only girl that had no goodbyes**

{Bridge}

**So I wanted to let you know
That I'm not letting go
Please stay with me till we grow old**

{Chorus}

**You
You make my heart scream
Promise
Promise you won't leave me**

{Verse: 2}

**Sex and romancing, shawty undressing
Deep in her intestines
Now she got my phone
Asking who's this hoe
Baby, I don't know
Please don't go
Now she's reminiscing and crying about
She asked me if I love her yelling "tell me right now"**

{Bridge}

**So I wanted to let you know
That I'm not letting go
Please stay with me till we grow old**

{Chorus}

You

You make my heart scream

Promise

Promise you won't leave me

You

You make my heart scream

Promise

Promise you won't leave me
