

Derek Pope - You Can't Fix a Hole in the Head

{Verse 1}

**Are we fast enough to run?
From our shadow
Underneath the melting sun
This has more than just begun
We are martyrs
Waiting for our day to come**

{Chorus}

**Save me
My own mind thinks that i'm crazy
This same old high is deflating
You'll bring me back from the dead
But you can't fix a hole in the head**

{Verse 2}

**Are we living in a dream
I see no faces
And my reflection doesn't look like me
And it feels like
Something different
And it feels like
Something different**

{Chorus}

**Save me
My own mind thinks that i'm crazy
This same old high is deflating
You'll bring me back from the dead
But you can't fix a hole in the head**
