

## **Derek Pope - Talk**

**{Verse 1}**

**I can't be this high  
Drawing outside the lines of you and I  
If I lose my mind  
Can I give yours a try  
I've been focused  
On all the wrong things  
Swear I only call you just to hear the phone ring**

**{Chorus}**

**But we don't talk  
We don't need to  
I can see through  
All the talk  
Do you need me  
Like I need you**

**{Verse 2}**

**I can't hear myself  
Talking out loud it helps if nothing else  
Tell me what you felt  
Sticking your hand through hell  
I've been hopelessly  
Searching for peace  
Swear I only call you just to hear myself speak**

**{Chorus}**

**But we don't talk  
We don't need to  
I can see through  
All the talk  
Do you need me**

**Like I need you**

**Like I need you**
