

## **Derek Pope - Stranger**

**{Verse 1}**

**You wanna be in a moment  
But don't realize that it's just a show  
You want someone who's devoted  
But got no faith in the world I know  
(Woah)  
It's hard to hear what you're saying  
With the windows down  
Don't make it so complicated  
You found your way**

**{Chorus}**

**I know you're a danger, danger to me  
Never met a stranger stranger than me  
I know you're a danger, danger to me  
Never met a stranger stranger than me**

**{Verse 2}**

**Can say I tried but I know it don't mean much  
Mean much to you  
I fill in the blanks and this is the thanks I get  
But I knew  
There'd be days  
Just like this  
Yea I knew  
There'd be days  
Just like this**

**{Chorus}**

**I know you're a danger, danger to me  
Never met a stranger stranger than me  
I know you're a danger, danger to me**

**Never met a stranger stranger than me**
