

## **Derek Pope - Another Day**

**{Verse 1}**

**How long do we have left**

**Before it's gone**

**And every step we take is a heavy one I guess**

**By the mess we've already made**

**When I was young I had a picture on my wall**

**Sleepwalking man he doesn't see he's about to fall**

**Oh Lord**

**I wondered if they would save him**

**But I know they won't**

**I wondered if they could save him**

**But I know he fades away**

**{Bridge}**

**I'd rather stay awake**

**A quiet mind is safe**

**But it won't sing to me like you**

**No it won't sing to me the same**

**And that's worth another day**

**And that's worth another day**
