

Alan Gorrie - I Can Take It

**I've been watching you for a long, long time
It seems to me your reputation is all it deserves to be
And like a red flag to a bull, your magnetic field
It's a fatal attraction to the animal in me**

**And I want it, it's within my reach
Got to have it, you're the one to teach me
The lesson I've been waiting for**

**I can take it
Go ahead and dish it out
Just give it to me
I can take it
Show me what real love is about
Whatever it is
I can take it**

**The word is on the street
Every guy you touch is sure to burn
I've always played with fire
Now I can't wait to take my turn**

**'Cause I want it, every single drop
Got to have it, and my love won't stop
'Til I satisfy what I'm looking for
I can take it
Go ahead and dish it out
Just give it to me
I can take it
Show me what real love is about
Whatever it might be**

**I can take it
Go ahead and give me some more
'Cause I'm ready for this**

**I can take it
Show me what real loving is for
Nothing's gonna keep it from me**

**'Cause I want it, every single drop
Got to have it, and my love won't stop
'Til I satisfy what I'm looking for**

**I can take it
Go ahead and dish it out
Just give it to me
I can take it, oh yeah
Show me what real love is about
Whatever it is**

**I can take it
Go ahead and give me some more
I'm ready for this
I can take it
Show me what real loving is for
Go ahead and dish it out
Show me what real love is about
Go ahead and dish it out
I can take it
Go ahead and give me some more
Show me what real loving is for**
