

JCGRAFTON - Done Witchu

{Intro}

No no no no no

Ooh

So done, so done, so done with you

I'm so done, so done with you, I'm so done, so done

{Verse 1: JCGRAFTON}

Bitch, I'm done with you

Don't think I can run with you

I think I'm still in love with you

Been trying to get over you

These issues that we run into

The efforts I've been going through

Ain't enough for us to make it through

No I'm just trying to tell the truth

You know I'm working 9 to 5

Coming home and trying to keep our spark alive

Calling up your phone but I guess you fell asleep tonight

When we talk

We ain't talking much

We just fucking fight

Damn that pussy tight

Wondering if we gonna be all right

Ooh

And I know you 'boutta move

And I don't really know what to do

But I feel like I'm through

'Cause this shit ain't nothing new

{Verse 2: J. Lou}

Posted up texting you

Chilling in my bed

But you don't give me time
Leaving me on read
All the shit that I thought we had is dead
Like you taking back everything that you said
Nothing new and I thought I could last with you
But it's hard nowadays calling you my boo
All the times I was trying to get you to come through
Now you acting like a bitch
That's all brand new

{Verse 3: JCGRAFTON}

This ain't working out (Huh)
We can't work this out (Nah)
You love me for now (But)
How about 10 years down (Ooh)
Let's fuck on your couch (Wait)
Ain't no need to shout (Wait)
Fuck we doing now
I've been having doubts
Funny dog
All my homies told me get my money dog
With me and you the vibes are getting fucking odd
I'm not seeing you tomorrow after getting off
Trying to hit me up
I ain't give a fuck
Say you still in love while I'm counting money up
While we breaking up
You so fucking dumb
I just had enough
So I had to run
