

DaVan Official - I Never Lose

Walk into the room with my crew
Taking w's i never lose
We gon rob the bank, get the loot
Grab that stick, then point it right at you
Bow, bow, bow
Get it low
Get another pack and sell it for the low
Bad bitch with me, she a hoe
She so bad, had to drip her out in gold

White gold
I had to drop that bitch down in some white gold
Bitches never tell the truth, untold
My reputation is the only thing that i hold
Staying loyal to my brothers i will never fold
Light it up, spark it
I'm down to let it blow
40-round drum i'ma let it blow
Double r is for silly hoes
Yeah brandon knox is a silly hoe
I'ma knock him out, left, right, tyson hoe
If you wanna fight set it up i'm really milly hoe
I go pop a oxy roxy just to numb the pain hoe
Messing with me and my crew is something you don't wanna do
I got sticks and deadly weapons
What the fuck you wanna do?
I got a glock with a switch and it's really down to shoot
What the fuck you gonna do?
Pussy
Walk into the room with my crew
Taking w's i never lose

We gon rob the bank, get the loot
Grab that stick, then point it right at you
Bow, bow, bow
Get it low
Get another pack and sell it for the low
Bad bitch with me, she a hoe
She so bad, had to drip her out in gold

Fuck fresh king he ain't the best
1 2 3 this ain't a test
It's about time this got addressed
You are not the best we can all attest
Going number 1, who is next?
It's me and thunderwave we all in effect
If he wanna run up on me he getting stretched
You better call ems he is in cardiac arrest
Please sit down and be my guest
Here the few things i need to address
Your label is fake that can't be stressed
Tryna diss me you become distressed
Let's go
Talk bout your flow
It's really depressing and you are a joke
I'm lyrically clearing you, where is the rope?
Screaming please, please, i don't want the smoke
This won't end till you croak, or else you end it by the rope
Or if you drop the soap
I'd love to see em both
Davan just awoke
He spazzin he had a stroke
Keep laughing and making jokes
Until i pull up on him letting it blow
Bow
