

# **William Caesar & Claire Caesar - The Month We Didn't S**

**{Verse 1: Claire Caesar}**

**I couldn't look you in the eye  
I really want you to survive  
But I just need some me time  
Your personality makes me die**

**Brother, you're the only one to be by my side  
I don't understand why you had to make me cry  
I don't understand the pills, your need to fly  
I tried to help, you said goodbye, so I worked on my life**

**{Chorus: William Caesar & Claire Caesar}**

**You're rubbing off on me  
It's best we don't speak  
It's best we don't see  
What could be**

**I see you everyday  
So why not take a break?  
You're a negativÐµ space  
With a kinetic face**

**{Verse 2: William Caesar}**

**I couldn't Ðµven behave  
I couldn't even be brave  
I looked death in the face  
Since I couldn't talk 'bout your name  
Mother broke the string we had the day she passed away  
And feelings came to surface level until we went gray  
Ego is a lover that replaced you in our space  
Now we'll never be the same, we met for the first time today**

**{Chorus: William Caesar & Claire Caesar}**

**You're rubbing off on me**

**It's best we don't speak**

**It's best we don't see**

**What could be**

**I see you everyday**

**So why not take a break?**

**You're a negative space**

**With a kinetic face**

**{Outro: William Caesar}**

**Hey Claire, when you get the chance, I'd like to talk**

**I know you don't want to, but we need to**

**And I know you're scared of me, I understand**

**But this is your brother, you can trust me**
