

# **Gotham City Syndicatez - Innocence Through Violence**

**{Verse}**

**The message of silence  
Coming from the anguish  
Where you would vanquish  
Innocence through violence**

**You have persuaded  
As well as almost aided  
The masses through silence  
Innocence through violence**

**{Chorus}**

**If you choose the sacred path  
God will grant you what you need  
If you de-cry naked wraths  
Eternity will plant your seed  
Are you the manifestations of horror within the mind?  
Like a blowing wind chime, all of us will be fine**
