

Benevolent Sin - You.

{Intro}

Okay

Let's try this again

{Chorus}

Open up

Sense love is in the air

Breathing deeply

Someone else will come to me

Turning back my stare

{Bridge}

(I know that it's you)

It's really beautiful out there

(It's always been you)

{Verse}

You know I've liked you for a while now

I can't believe you like me too

It's pretty wild how

People can seem so perfectly tailor-made for each other

I don't think I'll ever need to want another lover

Take me, pull me under

HonĐµy you're my water when I'm living in a drought

A glimpsĐµ into a brand new life that I can't live without

We're gonna make this work out

Come on

Take my hand and cast away your doubts and come with me

{Chorus}

Open up

Sense love is in the air

Breathing deeply

Someone else will come to me

Turning back my stare

{Refrain}

You're more beautiful than anything out there

In case you weren't aware

Just come with me
