

Benevolent Sin - Break Me

{Verse 1}

**Welcome to the spot where taboo's the talk of the block
I won't be the man that they want
I can't live here
I'd rather rot
I cannot do this shit
Life is ruthless
I can't find truth in it
Fuck me â€˜till I'm stupid and turn me into your newest bitch
Twink shit
Try and prove that you can break me
I'm elite, bitch
Lady take me down to Hades
Take me deepest
You're so perfect when you're breaking down my defense
I can never rÐµsist, bitch**

{Bridge}

**Relinquish your autonomy
Turn body to economy
Your son's a fucking whore
Ask mom and dad just what thÐµy thought of me
Like sticking up a Dollar Tree
Girl, is it worth the bother just to keep me as your property?
I don't got what you want from me
Fuck**

{Verse 2}

**Give too many fucks about people that don't concern me
Cannot tell the difference from hurting and getting dirty
I can't trust you motherfuckers cause people I love keep turning
If you do that shit again you â€˜gon find your ass on a gurney**

Heartless motherfucker
I'm keeping my parents worried
All I want is a girl who objectifies me daily
Just as long as she don't hate me
I'm okay with taking pain
I'll let you break me

{Verse 3}

Tie me down
Make this life feel simple
Buy another round
Got me moving like I'm crippled
I won't make a sound
You talk louder than a pistol
Got me on the ground
Got me begging for my mistress
When you turn around
You'd look better in all leather than a wedding gown
You're the only one I've loved in this whole fucking town
Sink in rabbit holes so deep that I might fucking drown
Yeah there's no getting out

{Chorus}

Dangerous obsessions
Lady is a lethal weapon
Overstep and learn your lesson
Better never do it again
Won't live past 27
So when I'm alive imma sin
Surrender, enter heaven
Is this death or BDSM?

Dangerous obsessions
Lady is a lethal weapon

Overstep and learn your lesson

Better never do it again

Won't live past 27

So when I'm alive imma sin

Surrender, enter heaven

Is this death or BDSM?

Is this death or BDSM?

Yeah
