

Benevolent Sin - Perfect

{chorus}

**I don't wanna be heartless
But i can't love myself
And i don't live in darkness
But i don't see no help
Wait
I don't wanna be worthless
But i can't find my wealth
Now i ain't saying i'm perfect
Cause you still make me melt**

{verse 1}

**I'm not perfect but i'm worth it i promise
You're not perfect but you're worth it i promise
I'm just tryna be honest
Don't accomplish much
We're moving like congress
Yeah, fighting for our lives is just a day in the office
Been out the closet since i said i was nauseous
No one ever really listens cause they think i'm a novice
No one ever thinks i'm gifted cause i'm tryna be modest
But i really think you're different how you're seeing beyond this
So hear me girl
You're my lighthouse
Guide me through this fight now
Got me feeling right each time we have another night out
Think it's meant to be like we ain't never gonna wipeout
No i wouldn't mind dying in your arms right now
I'm just looking for a way out
Make everything okay now
I see your face and i can't help but take your same route**

And we've been hanging with the same crowd
Ain't surprised i changed this up and asked you on a date now

{chorus}

I don't wanna be heartless
But i can't love myself
And i don't live in darkness
But i don't see no help
Wait
I don't wanna be worthless
But i can't find my wealth
Now i ain't saying i'm perfect
Cause you still make me melt

{verse 2}

Things are different
I can feel this turning
I'm really feeling cold when just last week our love was burning
Don't know why this is occurring
Or why you're scared to tell me
I just wish i could be helping
I wish you weren't developing these feelings that we're wrong to be together
Because i'll stay along your side until my death will leave us severed
I just wish it could be you and me forever
So i will do the things i must for the protection of this tether
So please
Don't you worry â€˜bout the distance
New york ain't that far away
I'll find a way to bridge it
I know a guy who made it work from illinois to princeton
Can we please just try it out instead of ending it this instant?
I just wanna be your boyfriend
But we ain't even close to best friends
I didn't wanna see it end so it was destined

Rest in peace to all the memories we had then

Don't go please is all i ever really said

{refrain}

Don't go, please

Don't go, please

Don't go, please

Don't go, please
