

# **Benevolent Sin - C0NV3R510N TH3R4PY**

**{Intro}**

**(You're going to make it, but this is going to hurt a lot)**

**Why am I here?**

**Tell me the truth!**

**Tell me what happened to me!**

**(You know you aren't entitled to the truth, Colby)**

**Fuck**

**This was all a mistake**

**Just let me go**

**I'm done**

**(I'm sorry, but you no longer have control over these proceedings)**

**{Chorus}**

**They won't take no for an answer**

**Won't take**

**Won't take no for an answer**

**No, bitch, they won't take no for an answer**

**Won't take**

**Won't take no for an answer**

**They won't take no for an answer**

**Won't take**

**Won't take no for an answer**

**No, they won't take no for an answer**

**Won't take**

**Won't take no for an answer**

**{Verse 1}**

**I'm sick and fucking tired of taking no for an answer**

**All this political debating is a cancer**

**I won't be staying for the banter**

**I need to find a place where my life matters**

**No taking matters in my own hands**

It ain't that simple cause it still takes two to slow-dance  
Just want a say in my own motherfucking romance  
But you won't talk to me  
You'd rather have me silenced by your old man  
Shit  
Being with you is do or die  
So it's time to plan my suicide  
I live for the chance of it being you and I  
Did you wrong but I swear that I can still do you right  
Girl since you left I've been thinking about you every night  
When I die  
Better never see you cry  
It's too late to take my side  
When I forever close my eyes  
Cause you hate when I'm alive  
Hate the way I burden you when trying to survive  
I don't wanna say goodbye

{Bridge}

I won't take no for an answer  
Won't take  
Won't take no for an answer  
No I won't take no for an answer  
Won't take  
Won't take no for an answer  
No I don't know how to take no for an answer  
When I've lost all I've got in the transfer  
When I've got no defense from the slander  
When it feels like my life is their banter  
Don't know how to take no for an answer  
When I've lost all I've got in the transfer  
When I've got no defense from the slander  
Don't know how to take no for an answer

**Answer**

**{Verse 2}**

**I can see you're broken**

**Please just stay and let me fix you**

**I can change my way of life if you just show me what's the issue**

**With the situation**

**It was you and me verse this fucking nation**

**Things could even out still just give it a little patience**

**And listen to reason**

**You can't fold over what we're facing**

**We got the whole season**

**To try figuring out our placement**

**Don't you see I'm bleeding?**

**Why you leaving me on the pavement?**

**I can tell you're scheming**

**Love to war so this isn't even close to fair**
