

My Name [Rock] - Rumpled Blanket

{Verse 1}

I pulled of my bottle

As a vermilion sunset beckoned me

Life coursed through my dreams

The cliffs were steps and I walked down and away

{Chorus}

I love you, I love me

If there's no more you

There's lets more me

{Verse 2}

And years of living, loving me

And sunsets all my own

The rumpled blanket of my memory

Is draped over a big fish bowl

{Chorus}

I can swim, I can bend

And I don't panic when

I'm hemmed in

I've seen stars, I've lived large

And living small

Is not that hard for me, in fact

{Verse 3}

It's easy to reduce myself

I just stand next to mountains or trees

And I feel good and tiny

{Verse 4}

**Stars have been known to fall from the sky on occasions
Such as tonight
Treading water in my fish bowl
I look to the sky as I wait for searchlights**

**Yeah, I'm in a dream
And it's going to have a happy ending
Oh yeah, I'm in a dream
And I'm insisting on a happy ending**

**Living through the worst living
Somehow seems to cut me slack
I can still look at the world
If I am laid out on my back**

{Chorus}

**I love me, I love you
And if we get a dog
I'll love it too
If you leave, I will grieve
But in the end
There's always me**

{Outro}

And hopefully the dog
