This my vengeance
This my fans I do it for fans
I do it for youth
I do it for the lives
Don't hide your feelings even if your not ok
Always evolve and love your self
Let's not make it cool to be stupid
Let's change the world
Only you can be you
You feel me but
This is my vengeance
You took it all from me
Drake stop taking songs
He better stop taking songs
This my fucking turn to get
Get clout
Know I been waiting for this
Hashtag vengeance is mine**
